Headmaster's Address

Dear Media Communication Technology Class of 2010,

Congratulation! Graduating from high school is one of many milestones that you will achieve in your lifetime. In today's world, a solid education is still a tool that opens up a world of opportunities for students. I commend you on your accomplishments and ask of you the task of reshaping the future.

After graduation, each of you takes a different path. Many of you will attend college in the fall, join the armed forces, or enter the job market. Regardless on which path you choose, each one of you is prepared to make the world a better place. Every one of your teachers has bestowed in you an experience that will provide you strength and guidance as you move forward.

In the short time that I have gotten to know you, the word that best describes you is---leadership. You are all leaders---from the most outspoken to the quiet yet well spoken amongst you. In the future, I will marvel in your accomplishments as I have marveled in being your presence. Good luck in becoming the leader you are meant to be and thank you for allowing me the opportunity to get to know you.

Thank you. Good luck!

Its here

Its here, its really here....
graduation day....
its time to say good-bye to the once we love,
to the once who made the journey with,
and
for those u didn't make it we say till we meat again?...
graduation day
we say our last good-bye
we say good-bye to our childhood.
because as we walk down that stage we become one, we leave the chillness in us behind and become adults.
as we say good-bye,
some will laugh,
some may cry,
others may leave, to never look back,
because this is it,
there will be no turning back,
this isn't a game playing pretend.
with all those times we have spent together,
all the years,
all the laughs,
all the moments,
and the tears,
i never thought I'd be saying my last good-bye a all my friends...
those friends i never thought I'd be friends with...
we went all this time,
all these years,
we've been through so mush,
that i cant i[illegible] say good-bye to friends like you,
this gra[illegible]ay we will forget the fights,
the mean words we once said and the swears we never meant..
its time to remember the dreams that never came and remember that your, your own dream....
it time to forget what never was and what was real,
as we walk down the hall,
remember,
the classes,
the shops,
the lunchroom,
the teachers,
the friends who have pest on....(Jamie R.I.P.)
as we go on always remember all the good time,
and as our lives go on always now we'll be friends forever.....

This season, the boys basketball team made tremendous strides from last year's record. Coming into this season, the boys were returning from an 8-10 record. With 7 returning varsity players, the team's expectations were extremely high. Seniors Alex Bezek, Kenneth McFarling, Marvin Mungo, Rashid Mahboub, Danny Bitar, Kevin Lowre, Juniors Jason Hall, Givaughn Jones, Roger Paul, Jared Hall, Chris Bastien and Sophomores Sterling Brown and Nelson Gonzalez were all expected to be contributors due to their off-season preparation. After try-outs, Seniors Otis Thompson and Antwain White were added to the team.

The season began just as expected, a 7-1 start and winning the Malden Tournament over the holiday break. It appeared that success got the best of the team since they ended the last 10 games 5-5 finishing the regular season 12-6. The team did not accomplish its initial goal, reaching the city championship games. However, the team did qualify for the state tournament, being seeded 10th out of 19 teams in the division 1south side sectionals. The Raiders were matched up against Catholic Memorial, the 7th seed, at Catholic Memorial. The game got off to a bad start for the Raiders. They could never recover and lost by 22 points. Coach Somers attributes the bad game to a lack of experience in the state tournament. The team is returning several key players and expects to improve their 12-6 regular season record next year.

Coach Somers had nothing but positive comments to say about his team. They were very successful academically, which is our number one priority. The players worked very hard on and off the court this year. We have a great group of players and it is a joy to coach these young players. Coach Chatman and Coach Sergenton put in a lot of time and effort this year. They deserve a lot of credit for the success of the team this year.

My Awakening
CatEyes "Its You"
Cateyes Ft. Sizzla "Baby Baby"
On iTunes Now!

CatEyes was born Rochelle Marie Farquharson in Forth Riley Kansas in April 21, 1986. CatEyes is 23 years she was inspired by her dad who loved all area of music and opened her eyes and ears to the music world, She enjoy writing and expressing herself through music. CatEyes has a unique style with an interesting reggae and R&B manner,that separates her from the typical one hit wonders in the music world. Her music mirrors the inner whims and fantasies of most men, from any age group. She started her singing career at the age of 14. Cateyes is determined to reach everyone through her musical presence. She stands out as a young visionary who leaves her listeners feeling hypnotized. Her music, lyrics, and sound bring a new dimension and crossover appeal, from reggae and dancehall. CatEyes as well as her record company, Madstorm Production would like to change the "happy-go-lucky" mindset and attitudes associated with the unorganized noise that is being unleashed on our youths as music. "My music is intended to inspire everyone who comes in contact with it. If my songs impact my brothers and sisters towards a new consciousness, enlistment and righteous practices, then I would consider my music relevant to times. Trust me; I am aware of the challenges, the high levels of expectations and the competitive nature of the music business in Jamaica and the world for that matter. I am being practical when I say that my music has global appeal, there is nothing parochial about it, except that it's authentically Jamaica with a crossover appeal. CatEyes is now being featured on all video and TV in Jamaica, like Hype TV, RE TV. etc just to name a few. English Pound tv will be featuring "How he got me" music video" in May in Canada and the UK, Boston Ma, BNN TV Roots to Riddym and strictly hip hop as the video in rotation. CatEyes as been performing in Jamaica on a number of shows like: "Magnum Fallow The Arrow" and "Taboo Spring break in Negril, Jamaica". It's fare to say that CatEyes as been and continue to perform with most off Jamaica's heavy weight artist's like: Junior Reid, Sizzla and Beenie man, Little Hero etc.
